THIS IS YOUR SHIPPING COST GUIDE FOR LINERS (2¼" & 3" Pots)

By checking this guide along with the catalog prices, you can figure approximately how much a liner will cost laid down in your area. These rates are the most that you would have to pay; in some cities the rates are lower than in the state in which the city is located.

For example, the laid down price for *Berberis thun. atropurpurea* to any area in Michigan would be 18c for each 2¼" pot size plant. The laid down price for *Viburnum burkwoodi* to any area in Texas would be 22c for each 2¼" pot size plant and 39c for each 3" pot size plant.

(These rates apply only to stock shipped by public carrier. [Railway express or Motor Freight.] If your orders are being delivered by our truck, please disregard this information.)
